

Cancer survivorship

We invite you to watch a short series of films as part of your treatment plan. Each film has been created by NHS healthcare professionals and people to help you to understand and manage your health.

To watch these films please type into your browser the web address below and click enter:

www.medic.video/swe-cancer

Please ensure that you type the link into the address bar at the top of your browser – NOT the search box in the middle of the screen.

Your link is unique to your clinic for you to watch with your family and carers.

We hope you will find these films helpful and would love to know what you think. When you have watched all the films in the series please let us know by completing 4 very short questions on the survey link from the landing page.

If you have any difficulties accessing the films or have any comments, please email the team at **patient@pocketmedic.org**.
